Global Supplier of Antimony  
Crude Metal & Strategic Minerals

# About SRNB KAZAKHSTAN LLP

Established in 2019, SRNB KAZAKHSTAN LLP is a Kazakhstan-based mining company engaged in the exploration, extraction and international supply of mineral resources, with a strategic focus on gold, copper, zinc and antimony.

The company operates in accordance with the legislation of the Republic of Kazakhstan and is committed to providing reliable supply, consistent product quality and long-term partnerships with customers worldwide.

Our objective is to create sustainable value through responsible mining operations, efficient resource management and transparent international cooperation.
